Data Collection and Preprocessing Phase

Date	10/07/2024
Team ID	team-739817
Project Title	Revolutionizing Liver care : Predicting Liver cirrhosis using Advanced machine learning Techniques
Maximum Marks	2 Marks

Data Quality Report Template

Data Source	Data Quality Issue	Severity	Resolution Plan
Dataset	- Inaccurate data entry: Human error during data entry, leading to incorrect information.	Low	Data validation: Implement checks to ensure accurate data entry, such as input validation and verification.
